EDUCATION

King Mongkut's University of Technology Thonburi (KMUTT), Thailand
Mechatronics Engineering, Faculty of Engineering

Jul 2024 - Present

- **GPAX:** 3.48 / 4.00 (Latest Semester: 3.92 / 4.00 with 21 credits load)

ACADEMIC PROJECT

Computer Systems and Interfacing | KMUTT

2026

AI-Based Industrial Gauge and Resistor Reader - Team Member (2-person team)

- Co-developed a two-mode ESP32-S3-CAM prototype for offline 4/5-band resistor calculation and AI-assisted industrial pressure-gauge monitoring.
- Integrated an OV5640 camera, web interface, OLED, I2S audio and Telegram alerts, sending gauge images to Gemini AI through HTTPS as Base64 and parsing JSON results.
- Validated 230, 300 and 500 bar tests as Safe, Warning and Danger, respectively, with OLED and Telegram status outputs.

Mechatronics Drawing | KMUTT

2025

Worm Gearbox CAD Assembly - Course Project (2-person team)

- Created 3D parts and production drawings in Autodesk Inventor for the worm gear, top cover, wheel-shaft end cover and oil seal.
- Produced an exploded assembly and component drawings with dimensions, fits, surface roughness, GD&T callouts and a parts list.

WORK EXPERIENCE

BamBam Plus Co., Ltd.

Jul 2024 - Aug 2024

Upper-Secondary Mathematics Tutor

- Taught upper-secondary mathematics, including vectors, exponents, probability and matrices.

COMPETITION EXPERIENCE

ABU Robocon Project | Thonburi Robot Contest Club (TRCC)

Jan 2026 - Mar 2026

Electrical Team Member

- Tested 12V DC motors using a bench power supply to verify functionality and identify defective units before robot assembly.
- Assembled and insulated high-current power wiring and collaborated with electrical and mechanical teams on power distribution and safe cable routing.

CO-CURRICULAR ACTIVITIES

Deksean Camp #9 | Mechatronics Engineering, KMUTT

Jul 2025 - Oct 2025

Mechatronics Academic Team Member & Project Mentor

- Co-developed the camp entrance examination, including the creative-thinking section.
- Taught participants the operating principles of sensors used in the camp workshops and advised project teams preparing to pitch their ideas to department lecturers.

SKILLS

Languages: English (Intermediate)

Digital skills: CX-One (PLC programming), Arduino IDE, MATLAB/Simulink, Autodesk Inventor, Word, PowerPoint

Soft skills: Problem solving, teamwork, communication, mentoring, attention to detail

HOBBIES & INTERESTS

Guitar, Piano, Badminton, Ice Skating
